Hello fellow members,

It has been a great year so far, we have had excellent turn out for all of our events and the Edmonton Chapter continues to be one of the largest and most active chapters in the country. Our CRSP study group is well on their way to being prepared for the May 1st CRSP exam, thank you to all of those who have volunteered their time to assist in helping our members along. The Fall Protection Seminar that was facilitated by Ray Cislo was very well received with good attendance and excellent information. Don't miss our upcoming events listed below including the NAOSH Speakers Conference in April, bring your boss to lunch, member appreciation golf tournament and keep your eyes open for a potential family fun event in the summer.
